CSE 461 ASSIGNMENT 1

Q: Construct a 3D home and apply translation, rotatin and scaling transformations interactively. (use keyboard keys to transform)

You will use OPENGL and GLUT library.

You will document your code in Turkish.

Submit
1- your code,
2- documentation (what is done and how)
3- how-to document (how to run code, like readme.txt)
4- brief video link demonstrating the running code.

Assignment is due 15 days.
